Submission of Manuscripts

Manuscripts should conform strictly to the style guidelines specified in Chapters 1-3 of the Publication Manual of the American Psychological Association, 4th edition (1994), with minor modifications for Australasian usage. In particular, all direct and indirect references to the author(s) should be scrupulously eliminated. All cited works by one or more of the authors should be referred to as *Author* followed by the date of publication, and these works omitted from the reference list but included on a separate sheet.

Manuscripts should be prepared in the approximate format used by this Journal, with tables and figures incorporated into the text. Authors of manuscripts accepted for publication will be asked to edit their papers to more precise formatting specifications. The precise specifications may also be obtained in advance by contacting the Editors.

All manuscripts and editorial correspondence should be sent to the Editors. Manuscripts should be sent as e-mail attachments to <g.stillman@mailbox.gu.edu.au>. If this is not possible, authors may send 5 hard copies accompanied by a disk copy preferably in Word to Gloria Stillman, School of Education and Professional Studies, Faculty of Education, Gold Coast Campus, Griffith University, PMB 50 Gold Coast Mail Centre, QLD, Australia 9726. Hard copies should be printed in 12 pt font with 1.5 lines spacing and wide margins. The first page should include the title and an abstract of up to 200 words. Authors' names, affiliations and addresses should be included in a covering letter or message. Papers (including references and appendices) are not to exceed 14 A4 pages. Authors should also certify that the manuscript has not been submitted for review by any other journal. Only papers that differ substantially from previously published work should be submitted.

The Review Process

Each manuscript is handled by one of the Editors. The manuscript is reviewed blind by one member of the Editorial Board and two other referees. Working from the referees' reports, the Editors then jointly decide whether to publish the manuscript. They may require the authors of accepted papers to make specific revisions, and they may suggest to authors of rejected papers general revisions which might make them publishable. All authors receive copies of the referees' reports.

Submission of Books for Review

Books for review should be sent to the Reviews Editor: Mary Klein, School of Education, James Cook University, P.O. Box 6811, Cairns, QLD 4870, Australia. E-mail enquiries may be addressed to <Mary.Klein@jcu.edu.au>.

Letters to the Editor

Readers are invited to react to articles and reviews published in the *Mathematics Teacher Education and Development* by expressing their views to the Editors. The Editors reserve the right to refuse to publish letters or to edit them in consultation with the author. Longer responses may be submitted in the form of an article which will be reviewed in the usual way before publication. In both cases, the author of the article or review may be offered the opportunity of a rejoinder to be published in the same issue.

Advertisements

Limited space is available in *Mathematics Teacher Education and Development* for advertisements associated with mathematics education or educational research. Enquiries should be directed to the Editors.

Disclaimer

Material published in *Mathematics Teacher Education and Development* represents a variety of viewpoints. The views expressed or implied in this publication, unless otherwise stated, should not be interpreted as the official position of MERGA or any member of the editorial team.
